

THE CAREER PLANNING PROCESS FOR: Comprehensive Career Development and Guidance

*NCDG: National Career Development Guidelines

A process created & implemented over the course of an individual's lifetime. In short, the career planning process is an ongoing, circular process that recycles itself over and over again as individuals confront reoccurring life changes. The process draws upon three major career planning activities which require students to develop the skills to answer three questions:

- **WHO AM I?**
- **WHERE AM I GOING?**
- **HOW DO I GET THERE?**
